⁷Covered services based on the United States Preventive Services Task Force (USPSTF) grade A and B recommendations; recommendations of the Advisory Committee on Immunization Practices (ACIP) that have been adopted by the Director of the Centers for Disease Control and Prevention (CDC); women’s preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA); and comprehensive guidelines supported by HRSA for infants, children and adolescents. For more information on generally recommended preventive services, go to www.healthcare.gov. The applicable cost-sharing for preventive care will apply to these services.

⁸After the medical deductible has been reached, the member is responsible for 100% of the eligible charges until their out-of-pocket maximum limit is met.

⁹The three prescription drug tiers are: Tier 1 – Most generic drugs and low-cost preferred brands. Tier 2 – Non-preferred generic drugs; preferred brand-name drugs; or drugs recommended by the plan’s pharmaceutical and therapeutics (P&T) committee based on drug safety, efficacy and cost. Tier 3 – Non-preferred brand-name drugs; drugs recommended by the P&T committee based on drug safety, efficacy and cost; or drugs that generally have a preferred and often less costly therapeutic alternative at a lower tier.

The *Essential Rx Drug List* is a list of prescription drugs that are covered by this plan. Some drugs require prior authorization from Health Net. For a copy of the *Essential Rx Drug List*, go to Health Net’s website. Refer to the COI for complete information on prescription drugs. Plans will cover most female prescription contraceptives at \$0 cost-share. Coverage on some drugs may not follow the generic and brand tier system. Please refer to your COI and Health Net’s *Essential Rx Drug List* for coverage, cost-share and tier information. The COI is a legal, binding document. If the information in this brochure differs from the information in the COI, the COI controls.

Prescription drugs filled through mail order (up to a 90-day supply) require twice the level of copayment. For details regarding a specific drug, go to www.healthnet.com.

¹⁰After the Pharmacy Deductible has been reached, the member will be responsible for 100% of the cost of all Tier 1, 2, 3, and 4 drugs up to a maximum payment of \$500 for each prescription of up to a 30-day supply, until the out-of-pocket maximum limit is met.

¹¹Tier 4 drugs include: Food and Drug Administration (FDA) or drug manufacturer limits distribution to specialty pharmacies; or self-administration requires training, clinical monitoring; or the drug was manufactured using biotechnology; or the plan’s cost (net of rebates) is greater than \$600.

Specialty drugs include high-cost medications used to treat complex medical conditions, including covered self-injectable drugs other than insulin. Specialty drugs require prior authorization and must be obtained from a contracted specialty pharmacy vendor.
